

Carbon Footprint

Club of Rome Global Assembly 2009

General information event

Date	26-27th of October
Location	Harbour Music Hall Adam
Duration public event in days	2
Duration private meetings in days	7
Number of participants	725

Emissions per activity (ton CO_{2eq})

Total emissions	120,00
Energy consumption	11,21
Transport participants host country	2,81
Transport participants from abroad	0,00
Flights	offset by partner
Road transport	0,00
Catering	89,25
Hotel stays	3,68
Paper consumption	0,08
Safety margin	12,98

Key figures

Average emissions per visitor	0,17
Average emissions per day	60,00

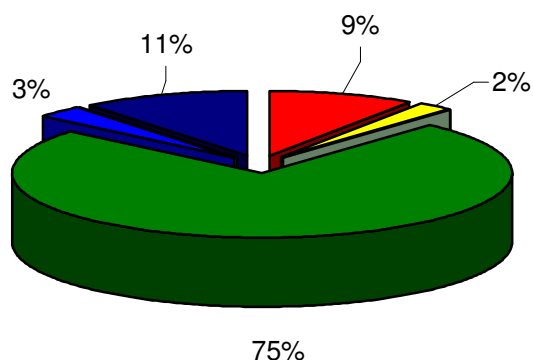

To offset emissions

Indication of number of hours a wind turbine has to be operational	300
--	-----

Supported projects

Windtrubine park in Taiwan (Gold Standard)

Emissions per activity (ton CO_{2eq})

-  Energy consumption
-  Transport participants host country
-  Transport participants from abroad
-  Flights
-  Road transport
-  Catering
-  Hotel stays
-  Paper consumption
-  Safety margin
